

Disa Equipment Company Overview

Disa Equipment (Pty) Ltd is the official distributor of Develon, Tonly, and Everdigm mining and construction equipment and attachments throughout Southern Africa.

Since our establishment in 1998, we have grown into a trusted supplier of robust earthmoving, mining, and construction machinery. As we align our name more prominently in the market, our legacy and commitment remain unchanged—delivering high-performance machines built to thrive in Africa's harshest environments.

We are driven by a passion for excellence and a dedication to building long-term partnerships. Our commitment goes beyond supplying equipment—we support our customers through every challenge and every success.

We operate with a national footprint, supported by regional branches and dealers across South Africa. As part of the **Capital Equipment Group** (CEG), under the JSE-listed **Invicta Holdings** Limited, we benefit from strong governance, integrated supply chain capabilities, and local expertise.

Our Purpose, Mission, and Vision

This profile is crafted to connect with current and future clients, giving a clear view of who we are, what we offer, and how we support our partners.

Mission

To provide high-performance machinery and innovative solutions that drive productivity, efficiency, and reliability in the mining, construction, and earthmoving industries.

Vision

To be Southern Africa's most trusted partner in heavy equipment solutions by delivering industry-leading products, responsive support, and long-term value.

Company History

Our name has evolved in step with our global partnerships and market direction, while our commitment to performance has remained constant:

- 1998**
Established as **Daewoo Heavy Industries South Africa** (Pty) Ltd.
- 2005**
Renamed **Doosan Infracore South Africa**.
- 2008**
Began trading as **Disa Equipment**.
- Today**
Proudly operating as Disa Equipment—the official supplier of Develon, Tonly, and Everdigm products across Southern Africa.

Our current branding under Disa Equipment is not a shift in ownership or vision but a clearer expression of the name behind the performance our customers already trust.

DEVELON

EVERDIGM

TONLY

Products and Services

We offer a comprehensive portfolio of high-performance equipment for the mining, construction, earthmoving, and industrial sectors.

Earthmoving Equipment

We supply high-performance tracked excavators, wheel loaders, articulated dump trucks (ADTs), and rigid dump trucks designed for demanding mining and construction applications. Our equipment delivers exceptional productivity, durability, and efficiency across tough job sites.

Attachments

Specialized hydraulic attachments to enhance equipment functionality and versatility.

After-Sales Support

We provide comprehensive after-sales support, including genuine parts supply, scheduled maintenance, and expert repair services to ensure optimal performance and longevity of your equipment.

Develon Equipment

Formerly known as Doosan, Develon offers next-generation equipment engineered for strength, smart operation, and dependability. The name Develon combines "Develop" and "Onwards"—a symbol of HDI's commitment to progress, innovation, and performance.

Tracked Excavators

Designed for maximum production, low operating costs, operator safety, and precise control. Available in standard, compact, and long-reach variants.

Wheel Loaders

Built for the toughest site conditions, offering high productivity, durability, simplified maintenance, and fuel efficiency.

Articulated Dump Trucks (ADTs)

Engineered for optimal traction, stability, and power, with features that drive productivity and operator comfort.

Develon mining equipment is specifically designed to perform under the extreme demands of mining operations while retaining a high resale value.

Tonly Off-Road Dump Trucks

Designed specifically for demanding mining and quarrying environments, Tonly trucks offer exceptional load capacity, durability, and performance.

Engineered for the harsh operating conditions found across South Africa, the Tonly range stands out as a cost-effective solution for long haul roads and heavy-duty applications.

Backed by a dedicated research and development centre, Tonly continues to drive innovation in mining truck technology and large-scale site adaptability.

Everdigm Attachments

Our range of Everdigm hydraulic attachments brings flexibility, productivity, and precision to job sites. All attachments are designed according to ISO9001 and ISO14001 standards and include:

Hydraulic Breakers

Powerful breaking solutions for the toughest materials and applications.

Attachments

Efficient attachments various applications including demolition and recycling.

Quick Couplers

Versatile connection systems for rapid attachment changes and improved productivity.

These attachments are built for high performance and durability in the most challenging conditions.

Industries We Serve

We proudly support a broad client base across Southern Africa, including:

Mining

Mining houses and contractors operating in surface mines and quarries

Material Handling

Material handlers in ports, municipalities, and industrial facilities

Construction

Construction companies delivering vital infrastructure projects

Scrap & Demolition

Scrap and demolition operators requiring durable attachments

Team and Support

Our commitment extends beyond machines—we solve problems with speed, skill, and a personal touch. Our team includes industry specialists with extensive experience in mining, construction, and earthmoving sectors.

We offer:

- Application-specific advice on machine requirements
- On-site commissioning and machine training awareness
- Technical support tailored to African conditions

As part of the Capital Equipment Group (CEG), we are backed by world-class governance and a robust support infrastructure, ensuring dependable service wherever you operate.

Our Partnership Philosophy

At Disa Equipment, we don't just supply machines—we build lasting partnerships. We're here to support your success, every step of the way. With the strength of the Develon family behind us, we are ready to help you face each challenge and achieve every milestone.

Looking for equipment that performs beyond the spec sheet? Partner with us for smart support, reliable machinery, and long-term value tailored to your operation.
